EVENTS & MEETINGS

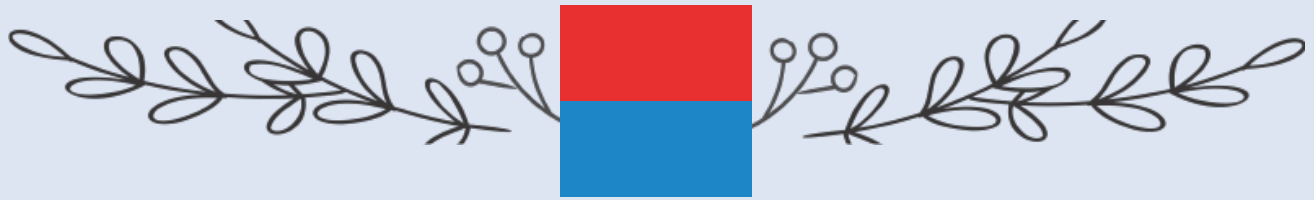

Pro Ticino Nord California organizes picnics and meetings a few times throughout the year. We also participate in Swiss National Day, an event held in early August by the United Swiss Societies.

If you're interested in attending these events, please keep an eye out for information about dates, locations, and any other relevant details we provide closer to the time of the events.

We hope to see you at our gatherings!

PRO TICINO IS GLOBAL

Pro Ticino is an international organization with sections throughout Switzerland and around the world.

Members have the opportunity to attend international meetings via Zoom. Annually, the international convention takes place in various global cities. In 2018, San Francisco hosted the Delegates Assembly. The International Central Committee sponsors yearly thematic competitions, open to all sections. In 2022, one of our members won a prize for his poem written in Swiss-Italian dialect.

Club membership includes a complimentary subscription to the bi-monthly magazine, "Pro Ticino". Please note, the articles in the magazine are written in Italian.
